

ROGUE WAVES & CROSSWINDS: TRADE MARKS IN MOTION

GLENN MAC STRAVIC, Head Brand Database Section, WIPO, CH

Glenn MacStravic has been working on Intellectual Property search systems for over 20 years, beginning with the development of the USPTO's patent and trademark search systems in 1996 and moving on to WIPO in 1999. There, he developed WIPO's online search systems including PatentScope, Madrid, Hague, Lisbon and 6ter Express and many others. He is now the head of WIPO's Brand Database Section, leading development on the Global Brand Database, Global Design Database and other search systems for WIPO.
